A close-up photograph of a blonde woman with blue eyes and a tongue piercing. She is looking upwards and to the right with a slight smile, her mouth open showing her tongue and the piercing.

All natural gorgeous blonde beauty Kate England, is one not to be missed on screen. In this interview she talks first lesbian moment, first time anal, first porn scene and foursome.

Kate England

SINFUL: How did you get into the porn industry?

Kate: I was currently working as an X-ray technician in a hospital. I worked way over 40 hours a week and had no life or time to spend with my dogs. I started looking for other options and around that time I was contacted by a talent scout in Miami. I decided to take a leap of faith and quit my job. I drove to Miami and started my life as an adult actress!

SINFUL: What were you like in high school?

Kate: I was a straight A student and pretty popular. I was involved in many of the extra activities including head of student council and in charge of the school yearbook. I also played volleyball.

SINFUL: You're into both guys and girls, when was the first time you were with a girl and how did that come about?

Kate: The first time was actually with my cousin's girlfriend. My cousin had left for work and his girlfriend and I had been flirting for a while. We took advantage of finally being alone. It was a little scary at first, but a great experience that got me hooked on girls ever since.

SINFUL: At what age did you lose your virginity with a guy?

Kate: I actually lost my anal virginity first. I was with a guy and we were about to have sex, and when I saw his dick it seemed really big! I got nervous and then he suggested anal. I agreed and he definitely knew what he was doing because it was amazing!

SINFUL: Were you a wild girl after that?

Kate: After that I definitely had a lot of fun with guys in high school. I was always open to new experiences and a good time.

SINFUL: What's the kinkiest story you have before you hit age 18?

Kate: Probably the time I was on a road trip with my family and my boyfriend. It was night time and my boyfriend and I were in the back seat. We had stopped at a store and my boyfriend and I started fooling around quietly. Then I decided to fuck him with my family still in the car. I sat on his lap and rode him and we never got caught.

SINFUL: At what age did you shoot your first porn scene, describe what you were feeling, the nerves, the set, and how it all turned out?

Kate: I was 21 when I did my first scene. It was for Reality Kings 'In the VIP'. For those that don't know this site, it is shot in a nightclub and there are many people having sex. I was pretty nervous but everyone was really nice and I ended up having a blast!

SINFUL: Did you watch porn before you got into the industry? What type of porn were you into?

Kate: I watched a lot of porn before I got into the industry. I liked watching girl on girl porn and also group sex. I'm not sure why I liked watching this kind of porn but it always turned me on!

SINFUL: Do you watch yourself fucking on screen?

Kate: I actually do not watch my scenes. I have watched a couple of my videos when I first started for constructive criticism, but now just watch the trailers to my movies.

SINFUL: Describe yourself in one sentence?

Kate: I am down-to-earth, have a great sense of humor, extremely outgoing and love to have a good time and try new things.

SINFUL: You've got the gorgeous face, hot body, what's one time in your life you used your sex appeal to get something?

Kate: I used to be a dancer when I was in college, so I used my sex appeal every night to pay my bills!

SINFUL: What gets you wet, what gets you horny?

Kate: I get extremely turned on by lots of foreplay and teasing. I also love dirty talk.

SINFUL: What are your turn offs?

Kate: My biggest turn offs are probably hard biting and a bad kisser.

SINFUL: What's the best sexual experience you have ever had outside of the film world?

Kate: My best sexual experience was the first time I had a foursome outside of porn. It was with my best girl friend and the two guys we were hanging out with that night.

Kate England

SINFUL: Best thing about being a porn star?

Kate: The best part is definitely being able to have sex with hot people and then getting a paycheck at the end of the day!

SINFUL: Worst thing about being a porn star?

Kate: The worst part about being a porn star is how it affects your relationships outside of porn. People judge you and I lost a lot of potential relationships because I am a porn star and people don't understand the industry until they have experienced it themselves.

SINFUL: You do quite a lot of anal scenes, do you love anal and what is it you love about it?

Kate: I do love anal. I love how dirty and naughty it is and also love gaping my asshole.

SINFUL: You've taken some big cocks, who had the biggest and what did it feel like?

Kate: The two biggest were Danny D and Dredd. I took them both in my ass and it felt great!

SINFUL: You've done double penetration, does it hurt or is it pure pleasure having a cock in each whole?

Kate: It is definitely pure pleasure and I cannot wait to do it again!

SINFUL: You've done threesomes with another girl and threesomes with 2 guys, which do you prefer?

Kate: That is a hard one. I love having a girl involved because I love women, but I also like being taken by more than one guy.

SINFUL: On screen, is there something you haven't done yet, that you'd like to do?

Kate: I would someday like to try double anal.

SINFUL: Who is one celebrity that you'd love to do a scene in an adult film with, tell us a male and female?

Kate: I would love to be with Mark Wahlberg because I've always had a crush on him. A female I would like to be with is Rihanna, because she is gorgeous and I feel like she would be a lot of fun.

SINFUL: For any person reading this who hasn't seen you perform, what's one scene they gotta watch?

Kate: One of my favorite Scenes is called Swollen for Porn Fidelity. It is definitely one you have to watch.

SINFUL: What's your favorite sex position?

Kate: I love doggy. I just love how it feels!

SINFUL: A guy is about to cum, where do you want it to land?

Kate: My favorite place is actually in my pussy. I love cream pies but I also love a guy to cum on my tits.

SINFUL: How about a tip for our female readers, what's the secret to the perfect blowjob?

Kate: I don't think there is a secret. I think it's just something you have to learn how to do. Learn the sensitive spots and use your tongue a lot!

SINFUL: Now a tip for the male readers, how does a guy bring up or convince his girl to do anal?

Kate: I think at first you should just play around a little bit and try using a finger to see if she likes it. If she does then you can move to a toy and then eventually your cock! If she doesn't like it, then you're probably out of luck.

SINFUL: What's the best chemistry you've had on screen, where the guy made you cum hard?

Kate: That is a hard question because there are many of those! I loved working with Prince Yahshua and Damon Dice.

SINFUL: What do you have a weakness for?

Kate: Sexually my weakness is when I'm kissed at a certain spot on my neck and shoulders. If that happens then it's on! (laughs).

SINFUL: What 3 things can't you live without?

Kate: I can't live without the beach, my doggies, or my car.

SINFUL: What is the weirdest thing that ever happened to you on set?

Kate: The weirdest thing is when I did a scene outside and there were a lot of parrots around in bird cages. There was this one parrot that kept doing the 'cat call' and saying pretty boy! He did it through the whole scene and it was so hard not to laugh.

SINFUL: Take us behind the scenes, what's it like, what happens, how does the scene start? How do you get yourself worked up?

Kate: I relax and talk with the makeup artist and then pick out my wardrobe. I start working myself up during the photos and then when my talent comes we usually play around and warm up before we start.

SINFUL: Have you ever said no to a movie?

Kate: I have said no to a few movies because there are some things such as extreme bondage and submissive scenes that I'm just not into. I want it to be as real as possible for myself and my fans. If I'm pretending to like something it will show on camera and I want to have fun!

SINFUL: How does it feel knowing that men and women around the world masturbate over you?

Kate: It feels pretty great! It actually turns me on to think about it.

SINFUL: What's the weirdest or creepiest thing a fan has asked for or asked you to do?

Kate: No response.

SINFUL: One thing fans don't know about you?

Kate: I think they know just about everything! Hmm... They may not know that I am scared of fish.

SINFUL: What in store for you in future?

Kate: I am in the process of starting a new site where my fans can see porn that I have thought of and shot myself!

SINFUL: What's the best way for fans to contact you?

Kate: You can contact me on my website misskateengland.com or text me on <https://www.sextpanther.com/Kate-England>

Interviewed by Elie for SINFUL Magazine

KENDRA LUST

SINFUL: What was Kendra Lust like growing up?

Kendra: I was a pretty "normal" kid. I was a tom boy who was very athletic, honor roll student, never in trouble at school or with the law. Happy go lucky kid (smiles).

SINFUL: What were you like in high school?

Kendra: I loved sports! I was athletic but also very girly. I was homecoming queen and captain of the girl's varsity basketball team. I was considered popular and always stuck up or defended kids who were bullied by others. I liked to get along with everyone and just play sports.

SINFUL: Naughtiest thing you done before you hit 18?

Kendra: I won a dance contest at a strip club!! I dated a guy a year older than me and he was going on spring break, and I wanted to have money to go somewhere with my girlfriends too!

SINFUL: How did you get your start into the porn industry?

Kendra: I webcammed for about 3 months and then decided I wanted to do more in the industry.

SINFUL: When and how did you lose your virginity?

Kendra: My senior year of high school - Off like a prom dress!

SINFUL: What were some of the jobs you done prior to porn?

Kendra: I was a Registered Nurse for 8 years before starting adult film. I also worked in sales and business communications.

SINFUL: You have an insane body, have you always been blessed with curves?

Kendra: Awww thank you! I always had a butt and thicker legs as well as a big chest. I started working out in high school and kind of kept up with it ever since.

SINFUL: So you started out doing girl/girl scene, how was the first shoot and how were you feeling?

Kendra: I thought it was fun but I did not have a lot of g/g experience, so I was a little reserved and shy. I felt b/g was more my speed, so after a few scenes of g/g I said "Ok I want to shoot boy girl scenes!!!"

“ I always had a butt and thicker legs as well as a big chest. ”

SINFUL: You're about to shoot your first fuck scene with a guy, what was going through your mind, what were the nerves like?

Kendra: I was so nervous! I shot with Manuel if that gives you any idea of how nervous I was?! I did not want to do anything wrong and wanted to give a good scene, but wasn't really sure how. Thank goodness Manuel took control and led the scene! He was so nice and made me feel very relaxed. He is one of my favorite performers of all time!!!

SINFUL: Prior to your shoot, do you chat and get to know what your partner likes and doesn't like?

Kendra: I try to be respectful and ask what they are in to? Do's and Don'ts. I would hate to lick or touch an area that was off limits and make someone uncomfy or?? (laughs)

SINFUL: Do you ever sit back and watch your own scenes?

Kendra: Never! I know many critics say that performers should however, I tend to be hard on myself and don't want to over analyze my work. At the end of the day I want to be as natural as possible and enjoy sex as well as give the director the type of scene he or she is looking for.

SINFUL: Did you watch porn before you became a pornstar and what were your favorite types of porn?

Kendra: Yes! I love porn! I am not into too much fetish stuff. I like watching threesomes, orgy stuff, regular B/G stuff, nothing too crazy just fun, wild, hot sex!!

SINFUL: Best thing about being a porn star?

Kendra: I love sex and I love being able to express it freely without giving a shit what anyone thinks or says about it.

SINFUL: Worst thing about being a porn star?

Kendra: Being judged by the work you do instead of the person that you really are.

SINFUL: On screen, is there something you haven't done yet, that you'd like to do?

Kendra: DP! I think that is what 2017 has in store for me.

SINFUL: Do you like being considered a MILF?

Kendra: It is what it is. If it walks like a duck, quacks like a duck and acts like a duck... it is a duck (smiles).

SINFUL: Kinkiest place you've had sex outside of the film world?

Kendra: So many places, but I would say a parking garage by a stairwell and people kept coming in and out of the stairwell door!!!

SINFUL: What's a sexual fantasy you have yet to fulfill?

Kendra: Gangbang... sooo hot!

SINFUL: Who is one celebrity that you'd love to do a scene in an adult film with, give us a male and a female?

Kendra: The Rock! I love his personality and his body! Female would have to be... Jessica Alba or Jessica Biel, so sexy!

SINFUL: If you recommend one scene or movie that our readers should watch, what's that one scene or movie?

Kendra: Bootylust for sure! One of my few anal scenes that are out, and it was intense!

SINFUL: What gets you wet?

Kendra: I love the tease, nipple play, panty play, and of course oral sex is the BEST (smiles).

SINFUL: What's your favorite sexual position?

Kendra: I love cowgirl because I always cum when I am in control.

KENDRA LUST

“ I love it on my tits, but close enough to my mouth to be able to taste it. **”**

SINFUL: One thing fans don't know about you?

Kendra: I have a passion for children and elderly people.

SINFUL: A guy is about to cum, where do you want it to land?

Kendra: I love it on my tits, but close enough to my mouth to be able to taste it.

SINFUL: How about a tip for our female readers, what's the secret to the perfect blowjob?

Kendra: I am not the oral queen by far, but men love a lot of spit, so drink up and get hydrated ladies!!

SINFUL: Spit or swallow?

Kendra: Depends on the guy's spunk. If he has a decent diet and it tastes good, I will swallow... if not I will spit.

SINFUL: What's the best chemistry you've had on screen, where the guy made you cum hard?

Kendra: Hmm that is so hard to say! So many great performers.

SINFUL: What is the weirdest thing that ever happened to you on set?

Kendra: Saw a girl enema too much and it was like a shit colored waterfall all over this guys dick! Ewwwwwww.

SINFUL: Have you ever said no to a movie?

Kendra: Yes, if I don't think it would be beneficial or fit my character, or I just don't want to work for a certain director or company then I won't.

SINFUL: What's the weirdest thing a fan has asked for or asked you to do?

Kendra: Kick him in the nuts...
HARD!

SINFUL: What does it feel like to have men and women all over the world masturbate over you?

Kendra: I never really think about it like that, but it is pretty hot!

SINFUL: What in store for you in future?

Kendra: I plan to be in the industry for awhile. Continue to build my brand, my agency and go from there.

SINFUL: What's the best way for fans to contact you?

Kendra: My twitter or instagram. They can also email me at Kendralustxxx@gmail.com

VR Bangers Unveils First Ever POV Head Rig

The VR Bangers team continues to push forward with new technological breakthroughs that are helping to pioneer the way forward for fully immersive virtual reality content in adult. Already famous for their earlier advances in stitchless VR post production and several new filming techniques, their production crew debuted a new POV Head rig at the recent adult industry shows adding an unprecedented personal touch to the audio and video capture of upcoming VR Porn scenes.

"This rig was built especially for VR porn because we noticed that there is a much warmer and more intimate emotional attachment between the performer and the recording device if the device itself is able to be kissed, caressed and whispered to in the same sort of ways that a real person would sense those subtle communications" explained VRBangers.com

CTO, Boris Smirnov. "It's easy to think that performers will be able to overcome all the odd positions and constraints of filming content so it looks pristine on a virtual screen, but the fact is, the more we can help our models get the most out of their play space, the better our content will continue to be and the real winner in this line of advancements is always our fans. With the new VR Bangers POV Head Rig fans can finally feel like they are getting kissed and caressed, while their favorite girls whisper right into their ears."

"This is the first rig of its kind, any-

where in the world, custom built by our own R&D team," said Mr. Smirnov proudly. "Stereoscopic cameras right where its eyes would usually be, true 4k resolution at a mouthwatering 60fps using multiple cameras in the front, back and top of the head to capture every angle, along with state of the art binaural sound microphones in each ear to add a level of realism to each whisper, moan and shift in sound - the content we are recording with this new rig is extraordinary and the feedback our fans are giving us at the shows demonstrates that we are definitely moving in the right direction."

EDEN SIN

“It was difficult finding someone who craved sex the same way I did.”

SINFUL: How did you get into the porn industry?

Eden: Thanks for having me! I was watching documentaries on Netflix with the couple I was dating at the time, and we came across one about porn and I immediately wanted to watch it! After discovering how simple it is to get into the industry, there wasn't much hesitation thereafter to contact an agent and leave my scantily-clad waitress gig behind.

SINFUL: Why porn? What was it about that industry that got you hooked?

Eden: I remember watching porn all the time and admiring how badass these girls were. The sexual freedom, confidence and excitement they shamelessly displayed was so appetizing to me. To me, the porn world was this place where the overly-promiscuous thrived in being themselves whereas in the civilian world, they'd have a scarlet plastered across their chest. I wanted to unleash my deviant sexuality for the world to see. That desire alone is so extremely lewd to others, which made it even more appealing on my end. I considered myself sexually-deprived prior to porn... I had loads of fantasies and fetishes I needed to be fulfilled that couldn't be met. It was difficult finding someone who craved sex the same way I did. Well you know, until I came across the industry. Bye bye sexual deprivation!

SINFUL: What were you like in high school?

Eden: My high school experiences were different, you could say. For starters, I moved around a lot growing up and attended three different high schools across the east coast. I was a bit ironic, being such a shy girl but being the captain of the cheer leading team sophomore year. Cliques weren't my thing; I had the tendency to bounce around-not really fitting into one solely. I didn't want to party or do drugs with the 'cool kids'; I didn't even want to fuck. None of it seemed appealing to me because it was all the spoiled kids of suburbia could talk about. It was like some unwritten staple that in order to be 'cool' you must do x y and z... and I had the habit of being unconventional for the thrill of it. I went against the grain by being a good girl-if you will. My shy nature was something that never left me, even down to my last high school. Though at that point, I was just ready to get the hell out of there. Funny enough, this last school was the most conservative. Everyone did their work early, crossed their legs and dotted their i's, so naturally I have my usual desire to go against the norm. And I did. Now I still had never been sent to the principal's office... but I did gain the title of 'hot new girl' among my male peers. Hmm, must've been the pink dip-dye or tight pants.

SINFUL: You got the whole package, the gorgeous face, beautiful body, you must have had guys lining up for you at school?

Eden: Thank you, that's very sweet! I may have had some admirers, but I never would've known it because I was as quiet as a mouse. I was in a relationship for the majority of high school, too. But, I do have a bunch reaching out to me now, which I find really amusing.

SINFUL: What's one time in your life you've used your sex appeal to get something?

Eden: What's one time I haven't used my sex appeal to get something?

SINFUL: What's the naughtiest thing you done before you hit 18?

Eden: Anal sex.

SINFUL: You're about to shoot your first sex scene, what's going through your head?

Eden: I was like a kid who couldn't wait for the first day of school. The night before, I could not sleep for eons. I kept tossing and turning and watching the porn of the company I was about to shoot for. I had seen their porn a ton of times before, it was one of my favorite sites to watch. Even more mind blowing that here I was, about to do a scene for them. It's the start of it all. The start of my career in porn. That's always how I have viewed things in porn from the very beginning to now. It was never going to be something I would get in, do a couple scenes then hightail it out. No. I want my name in lights. So, I show up to set and I'm equally as excited when we're about to get in the swing of things. I won't ruin all the details for you guys but let's just say I left that day feeling like it was the first day of the rest of my life. Even reminiscing on it right now is making me so incredibly happy. My life now is forever changed in the best way because I decided to just go for it. It remains one of my favorite shoots.

SINFUL: What were you doing prior to the adult industry?

Eden: I was a waitress at a couple of different 'breastaurants'. Twin Peaks style of restaurants where you're scantily clad hailing steaks and burgers to some awesome customers. I really loved being a waitress at these kind of places because aside from the great money you could make, I also met some of the coolest regulars. Most importantly, you could let your freak flag fly whether it be in the school girl uniform or lumber jack slut uniform or my favorite: lingerie day!

EDEN

SIN

SINFUL: When and how did you lose your virginity?

Eden: Believe it or not, I lost my anal virginity first at 17 because I wanted to wait until I was legal to pop my cherry. I don't know why, but I wanted to wait until 18 because I figured it was right or better. I guess I was expecting the clouds to part and a giant fucking almond joy would land in my lap as my blessing for waiting. (And yes, those of you curious those are my favorite) My boyfriend at the time had no problem obliging and gave it to me good in the ass, then literally a month later pounded my pussy so great that all I could think about is why on earth had I waited till now to do this? I could've been enjoying this the whole time? I did my best to make up for lost time (smiles).

SINFUL: Do you ever sit back and watch yourself on screen?

Eden: Absolutely! I try and watch every scene I'm in as soon as it's released! It's so sexy watching yourself get fucked, seeing a position you nailed and knowing it's out there for people to see. It's all so exhilarating. It's also good to watch and see areas you can improve on.

SINFUL: What's the biggest cock you've taken and what was it like for you?

Eden: 12 inches. Holy fuck it was not only huge but heavy! Yes, his actual dick was heavy. Thick, long and easy up the ass. In my pussy, not so much. Definitely felt better up my ass, but the pussy penetration became euphoric too after some de-virginizing slow strokes.

SINFUL: Does size matter to you?

Eden: It's not that much of a concern for me. I've had guys with smaller packages that get rock hard, go inside and they please me just as much as a guy with a third arm between their legs. I just love a rock hard cock. Average, small, large, just get it stiff as fuck and I'm yours.

SINFUL: What's the one movie or scene you've done that you would recommend our readers to watch?

Eden: My DP with Burning Angel! It's the craziest, sexiest thing I've ever done and it's shot by a company I have always wanted to shoot for. That day was literally a bundle of wet dreams cumming true everywhere.

**“ I get to fuck
for a living and
help others
get off. ”**

SINFUL: Speaking of double penetration, what's it like to have a cock in both wholes at the same time?

Eden: It's so good!! That was my first DP I had ever done in my life, on or off camera. I knew that I would love it because I have experimented with a dildo in my pussy and another in my ass before and it's the bomb diggity. I love when both of my holes are being fucked hard and the guys are being rough with it, which is exactly what these guys did when they gave it to me! Plus, I was dressed adorably. Destroy my cute lil' freckled face!

SINFUL: Describe yourself in one sentence?

Eden: A Hyper-sexed submissive genuine flower.

SINFUL: Best thing of being a pornstar?

Eden: I get to fuck for a living and help others get off. Oh and I get to travel the world!

SINFUL: Worst thing about being a pornstar?

Eden: It's like a secret society. I want to be more open about my xxx life. Hmm, we should make a billboard.

SINFUL: What the craziest sexual experience you've had outside the film world?

Eden: I didn't really consider this crazy until I talked to some friends about it and yes, it is in fact out there. I'm a submissive. It's how it's always been and I absolutely love everything about the dominant and submissive relationship that comes with that lifestyle. So, I met this awesome dom from a shoot and a week or so later we decide to meet up again and play at this dungeon. An hour or so in and I'm suspended from the ceiling being held by plastic wrap that is covering my entire body save my nose and mouth. My arms are straight down by my side and only the plastic wrap is keeping me afloat. I cannot move, I am a literal cocoon. I am not afraid; I have no reason to be. I had just met this dom and now here I am-giving enormous amounts of trust to them. Crazy right? But I had never felt so calm as I did in that moment. Then the ripping begins, the wrap comes off and enter the hitachi, then the oral, followed by two hours of amazing fuck your brains out intense sex. My ass was red, my skin tingling and my smile from ear to ear.

SINFUL: Is there a sexual fantasy you have yet to fulfill?

Eden: Public sex!

SINFUL: Who is one celebrity that you'd love to do a fuck scene with?

Eden: Dave Navarro. He's the dark lord.

SINFUL: What's your favorite sexual position?

Eden: I love straight doggie and the piledriver! It's the dominance thing that gets me.

SINFUL: A guy is about to blow his load, where do you want it to land?

Eden: On my face is sexy. In my mouth is the most fun for me though! Either would leave me horny and happy.

SINFUL: What gets you horny, what gets you wet?

Eden: I get like Niagra falls style of drenched when I'm called a good girl while I'm fucked hard. Being spanked, spitting, choking, and having my booty caressed are all great.

SINFUL: What are your turn offs?

Eden: Arrogance derived from insecurity.

SINFUL: How about a tip for the male readers, how does a guy bring up or convince his girl to do anal?

Eden: First, I think it's important that you two are really comfortable with each other. Assure her that you will go at her pace, and you will be prepared prior to the rendezvous. Get some lubes she'll love, tell her about some easy, comfortable positions and how she can prep so she is worry free. She will feel like you really put effort into it and girlfriends appreciate effort even when it's in regards to the back-door. Most importantly, tell her how sexy it'll be watching her ass bounce back on your schlong, but in the most romantic way possible.

SINFUL: What do you have a weakness for?

Eden: Dominance, intelligence and tattoos.

SINFUL: What 3 things can't you live without?

Eden: Oh no, not this question! Just 3? Hmm.... my unicorn hitachi, yerba mate and my glasses!

SINFUL: What is the weirdest thing that ever happened to you on set?

Eden: I got peed on. It was awesome for me because I have a pee fetish and was begging for it. But yeah... some might consider it weird.

SINFUL: Have you ever said no to a movie?

Eden: Yes. If there is something I haven't done before ever and I'm not sure how I would react in the situation, I'd prefer to not react on camera for the first time. I just like to eliminate that risk by trying lots of things off camera first, but sometimes opportunities don't come up.

SINFUL: Is there something you haven't done yet on screen that you'd like to do?

Eden: Yes, a gang bang or blow bang!!

SINFUL: What does it feel like to have men and women all over the world masturbate over you?

Eden: It's so fucking sexy. Like I said, I got into porn because I wanted to unleash my deviant sexuality for the world to see. I want to be in a ton of people's favorites folder, I want to see my XXX movies in their DVD collection, I want my feature showcase to be played at a slumber party after three girls are already asleep and it's just the sluts up. Too far?

SINFUL: Craziest or creepiest thing a fan has asked you to do or asked for?

Eden: Animal roleplay... acting out like I'm an animal with the tail, ears, etc. And not the cute anime- style ears and tail.

SINFUL: One thing fans don't know about you?

Eden: I love to read and write!

SINFUL: What in store for you in future?

Eden: More sex, more fun and more Eden! What more could you want? (smiles).

SINFUL: What's the best way for fans to contact you?

Eden: My Twitter and Snapchat are @EdenxSin. I'm also on Instagram @SinningEden.

I love seeing your blogs on Tumblr, too! Mine is Ohyea-eden.tumblr.com. And if you want to call/text/sext me I'm on Sextpanther.com/Eden-Sin

*I loved
sex in
public
and
BDSM*

SINFUL: How did you get into the porn industry?

Marica: I was a mainstream actress which included being naked for TV show and magazines. I love acting. So I wanted to get more acting gigs. Then I found an audition to become a contract star with one of the biggest porn studios which is SOD in Japan. At that point I was not interested in sex.

SINFUL: What do you like most about the porn industry?

Marica: Everything. My life as a porn star. I am the first successful overseas porn star that came from Japan. It is very fun to create a life using sex as a pioneer and travel all over the world.

SINFUL: You're absolute stunning with a beautiful body, you must have driven the boy's wild at school, and the girls jealous?

Marica: No, not at all. I went to a very very strict girl's-only high school. We did not have an opportunity to meet guys outside the school either. Because we had to withdraw from the school if teachers found we hung out with guys. So some of girls became a lesbian. These girls prefer mannish girls like Lily Cade. I thought I have been girlish.

SINFUL: What were you like in high school?

Marica: I was super shy girl. I could not speak with somebody well. I loved to eat, read books, animals and interested in fashion. These are all things I still enjoy.

SINFUL: When and how did you lose your virginity?

Marica: I pretended not to be a virgin with my first experience when I was 18 years old. Because I was a high school student and my partner was older than me, also he was a model. So I wanted to be a more sexy girl as his partner. It was a good memory, but I would want to have my first experience as me (not trying to impress him) if I were able to redo it.

SINFUL: Did you fuck a lot of guys before porn?

Marica: I had sex with only few people before get into porn industry. I thought sex is only with a partner (husband or boyfriend). I had so many crazy sexual experiences, but those are only for my boyfriends.

SINFUL: Any wild sex stories from your younger days?

Marica: My ex-boyfriend was a real dominatrix guy. So we enjoyed crazy sex like you see in porn. Especially I loved sex in public and BDSM. We always took video.

SINFUL: Do you watch porn, if so what type of porn is your favorite?

Marica: Sometimes I watch American porn. I know almost of all Japanese expression for sex. But, still I do not know some of American expression for sex. I am always looking for new expression to have an orgasm.

SINFUL: What were the nerves like when you were about to do your first fuck scene?

Marica: I was really nervous. My first porn shoot was not for a random scene, it was my showcase movie "Marica Hase porn debut!".

Section 1 was first interview with getting naked in front of the camera. Section 2 was first hand job in front of the camera.

Section 3 was first BJ in front of the camera.

Section 4 was first B/G on the bed in front of the camera.

Section 5 was first B/G outside in front of the camera.

SINFUL: Your favorite spot to have sex in a house?

Marica: On the bed. My bed is so cute and sexy. Pink light and sheets. And, very rarely did I have a sex on the bed after I became a porn star.

SINFUL: How often do you masturbate?

Marica: Once or twice a week.

MARICA HASSE

SINFUL: Kinkiest place you've had sex?

Marica: Out of the camera at the porn studio. I started dating a Japanese porn actor after I became a porn star when I was in Japan. But, it is taboo for a porn actress to date porn industry people in Japanese industry. Because some girls start to say, "I do not want to have a sex with nobody. I want to quit porn", if they get a boyfriend. So, porn guys have to leave the industry, it's our rule if they fuck or date porn girls. So, our relationship was very taboo and we had to hide it.

For any person reading this who hasn't seen you perform, what are the scenes or movies they gotta watch?

Marica: "Pet of the Month January 2013 - Penthouse"
The movie is the when I became 1st Japanese Penthouse Pet of USA.

"Raw #11- Evil Angel"

The movie is my 1st movie with Manuel Ferrara. I couldn't speak English, so I used dictionary in the movie for the whole day, even when we did the sex scene.

"Erotic Encounters 2 - Erotica X"

My favorite director shot this. I am acting as a cute and crazy student. It was so much fun!

SINFUL: Are you a dominant or submissive person outside the film world?

Marica: I am a very submissive person. I enjoy being submissive mentally.

SINFUL: On screen, is there something you haven't done yet, that you'd like to do?

Marica: Big Bukkake in USA. I often do 100 guy bukkake when I was in Japan. But, I've only done very small Bukkake in USA. I think it'll be more powerful than with Japanese guys, like a dreamshower.

SINFUL: You've done the double penetration thing, what's it like to have a cock in each whole at the same time?

Marica: YES. I did. It's like a puzzle. Of course, two is better than one. I wanna ask the guys. "How was it? Did you feel another guy's dick through my skin"?

SINFUL: You've also done the gangbang thing, what's it feel like having all those men have turns on you?

Marica: It's the best! I can have all kinds of dick at the same time. Like a buffet.

SINFUL: What's your favorite fuck position?

Marica: Missionary with choking. I can feel a partner through all my parts (eye, neck, hand and pussy).

SINFUL: A guy is about to blow his load, where do you want it to land?

Marica: Oh inside definitely, I love creampie.

SINFUL: Do you prefer to Spit or Swallow?

Marica: I prefer to swallow. That means more enjoyment to be, so turned on to keep going while I swallow.

SINFUL: What gets you wet, what drives you insanely horny?

Marica: Taboo relationship, BDSM, public sex!

SINFUL: What are your turn offs?

Marica: Guys with dirty nails fingering pussy. Why not think about girl's health? I don't want to get sick (smiles).

SINFUL: How about a tip for our female readers, what's the secret to the perfect blowjob?

Marica: I think Eye contact is the most important for a blowjob. So, you can feel what the guy wants you to do by eye contact.

SINFUL: What do you have a weakness for?

Marica: I have a great weakness for guys who know how to properly tie up a girl for bondage. Very few can do this.

SINFUL: What is the weirdest thing that ever happened to you on set?

Marica: I totally could not understand English when I came to the USA. So, I said "Yes" for all my regular paperwork. So I answered incorrectly to certain questions. I said "Yes I was under 18 years old, used drugs and used alcohol, I was pregnant and I had a tranquilizer", with a big smile. So everybody was surprised, but we quickly corrected the misunderstanding.

SINFUL: Have you ever said no to a movie?

Marica: I've never said no. I want to challenge myself to try everything at least one time.

SINFUL: What's the weirdest thing a fan has asked for or asked you to do?

Marica: Some fans have asked me about escorting. My job is a porn star, not escort. Porn star means making porn in the front of camera, right?

SINFUL: What does it feel like to have men and women all over the world masturbate over you?

Marica: It excites me very much. Girls around the world can see their favorite dicks in my pussy and guys can imagine the experience of my tight Japanese pussy.

SINFUL: What's the best way for fans to contact you?

Marica: Come to my next appearance, talk with me in person! It will be EXXXOTICA in Denver from March 31st-April 2nd. Tweet me @marica_1029 or check my web site marica-hase.com, all information is there.

*"Come and help
me dominate your
slut girlfriend!"*

So, I'm sitting here fondly recollecting a session I did with a young couple. It was a birthday gift for the girlfriend. She was a few years younger than him and he was supposed to be the "top". I say this humorously, because, well you'll see what I mean later. We went thru the usual booking protocols and I was very excited to meet them. From the conversation I had exchanged with them both, the boyfriend seemed as if he wanted to participate in the session. I of course thought this was fantastic. This session required me to visit them at their hotel, so I arrived well stocked for two hours of heavy bondage, degradation, spanking and the like! We sat down, went over all the rules and I proceeded to instruct her to undress as I laid out my equipment. Immediately the chemistry between the girlfriend and I was intense. She melted under my control like butter on warm toast as I bound her young body tightly, spat on her pretty face and spanked her round firm derriere. At least an hour into playtime did I realize I should probably invite the boyfriend to join in on all the fun I was greedily indulging in. I turned around as I was hovering over his girlfriend on the bed and to my surprise, there he was at the left of the bed almost frightened. I was a bit shocked but kept my composure by flashing a devious smile. He was on his

knees, pupils wide, and his chin to the edge of the bed. It wasn't what I was expecting from a gentleman who presented himself as a dominant man. "Come and help me dominate your slut girlfriend!", I stated with delight. He didn't budge. I waited for at least 30 seconds, but nothing. "I said, come and top your slut while I watch boy!!". I wish I could've laughed but it would've been unprofessional of me. Literally, he crawled onto the bed avoiding all eye contact with me and crept up to his girlfriend. From there I pretty much bossed him to pull his cock out and force her to give him oral. He didn't want me to use my strap on harness with a dildo on her, so I wanted him to use his piece on her. I think I had to spank him to get it out and force it down her throat. I was cracking up inside. I grabbed her hair as I encouraged her to service him. I wanted her to gag, choke and her mascara to run for me mostly. I instructed him to release all over her sweet face. It was quite sweet and it needed some icing, if you know what I mean. After he released a load on that slut, I wrapped the session with the couple. I walked out of the room with the biggest smile ever. I can't believe I ended up topping both. I can't complain. It's my natural inclination. Be careful what you wish for, you might get more than what you bargained for with me. *wink wink*

“As a sadist, I love pain on so many levels, emotional and physical.”

For years, I've had a devoted submissive who came to me looking for a dominatrix who could truly push his limits. He'd been around in New York and seen a few dominas here and there but nothing that fulfilled his masochistic needs. He presented himself as very polite, quiet, and respectable gentleman. I fondly remember the first time we met.

I'll call him Slave P. We went over all the details over a few phone conversations, then on the date of our engagement, he showed up at my studio ready to submit to me. His desires were to be used as a whipping boy for his Mistress. He loved what we call in the BDSM world, “hard sports” and no safe words. I have no problem with that type of play but

I always ensure that my sub is in the proper headspace to enter this level of play as well as submission. I must say the chemistry between Slave P and I was just magical. As the session began, I proceeded in a cold detached manner ordering him to undress for me and kneel at my feet.

“I began whipping him harder and harder. Suddenly the lashes began to get louder and louder as I thrashed his body from all angles.”

I was covered in leather from head to toe as he kissed my thigh high boots. After enjoying boot worship, I walked over to my table of equipment, grabbing rope. I bound him wrists to ankles on my studio floor with a hood over his face and a collar around his neck. Encircling him like an Apex Predator, I teased him with my whip. I knew what he was thinking. He told me before that usually most dominas could not handle the level of corporal punishment he was looking for. He probably thought this was as hard as it was going to get, but I like to take my time to build up to a great crescendo as an artist. I began whipping him harder and

harder. Suddenly the lashes began to get louder and louder as I thrashed his body from all angles. I kept encircling him, with music playing in the background, eventually it became a beautiful dance between us. As a sadist, I love pain on so many levels, emotional and physical. With the right person, the physical aspects drive me wild igniting my inner fire. This happened with Slave P. His body became mine, I did what I wanted. He looked so lovely laying there quivering and sweating as the play got heavier. I knew for a moment we were both on a mental level that few understand. We just clicked. At the end of his session with me,

his body was covered with lashes and marks as I untied my frail yet energized bitch. Taking off his hood, collar, I caressed his face with an evil smile on my face. I walked over to my bathroom, grabbing a cool wet wash cloth to provide him some relief from my whipping. He appreciated my after care like a good submissive and adored my boots once again. I will forever remember the look in his eyes. It said it all to me. He found the one and from then on he has never left my side. I use him when I need to relieve my stress. I may love sensual domination, but sometimes I need a heavy player to satisfy my lifestyle inclinations.

Mistress

HEIGHT: 5'2" WEIGHT: 100LBS TWITTER: MISTRESS_GREY

Hot lil' sexbomb Moka Mora has the tight ass, petite body and stunning face which makes her the dominant star that she is. She talks about her first threesome and how she wants to be Eiffel Towered.

SINFUL: How did you get your start into the adult world?

Moka: My car broke, behind on bills, couldn't afford new equipment for my lab, and was struggling financially as a full time student. My grades were fine, but I was more financially stressed than ever. I had no money, and no time for a day to day job without consistently barely making enough to get by. I knew the only way I could afford a new car would be to make some kind of change in career. It wasn't that all different from camming either.

SINFUL: Why porn? Most females think of all different careers but not fuck on screen?

Moka: My boyfriend and I had visited The Amory [Kink] for a halloween event one year. We really enjoyed it and also watched some of Kink's videos online. So when I brought up my finances, and how I wanted to try it. He was completely supportive of my decision, and encouraging. I felt safer and more confident doing something so strange and new to me because I knew no matter what, he would be there for me and love me.

SINFUL: You're about to shoot your first scene, what's going through your head?

Moka: I was shy, nervous, didn't know what to expect or know what was going to happen. I knew Kink was known to do some extreme things, I just didn't know what they had in store for me. Which after, I felt great! After that, I knew there was nothing I had to fear and had professionals taking care of me.

SINFUL: What were you doing prior to entering the adult industry?

Moka: I was telemarketing and camming. I did everything, including full time student online.

SINFUL: Do you watch yourself on screen, is it weird when you sit back and watch one of your adult scenes?

Moka: My boyfriend and I watch them together sometimes. He LOVES all my work. I honestly can't stop laughing at myself, because I know what happened when behind the scenes. I can focus on things I say or mess up on to make my art better the next time I shoot. I guess you can say I focus a lot on the technical and aesthetic aspects of my work.

SINFUL: Which has been your favorite scene you've done to date?

Moka: My favorite scene by far was my first one I ever did. It was a Kink shoot, where I was able to be a part of making the parody of The Crucible movie. I was put on trial as a witch. My favorite part about it was when they threw tomatoes, eggs, and lettuce at me while calling me "Devil Whore" and "Devil Slut" while on a noose. I always loved witch stories, and was a witch many Halloweens. So when the opportunity arose, I was super stoked to be a part of something like that. To this day, even when I re-watch that video, it's one piece of art I am very proud of.

SINFUL: You're involved in the fetish side of filming, do you prefer to be submissive or dominant?

Moka: I am naturally and personally prefer dominant. In the industry, you have to start as submissive before becoming a dominant. Because there's no better way to understand how being a submissive feels or what your submissive will like without the experience of being one. All the best dominants know and understand their submissives. If you are not an intuitive or understanding dominant, that is how you can hurt someone.

SINFUL: You've done quite a bit of anal scenes, what is it you enjoy about anal?

Moka: I love my ass being touched, rubbed, squeezed, licked, bit, grabbed or played with. It's definitely one of my best assets. Doing anal really gives a great reason for my partner/performer to play and focus on that area.

SINFUL: You've also done double penetration, what's it feel like for you to have a cock in each whole at the same time?

Moka: It's amazing and very empowering. Nothing makes you feel more wanted/admired that more than one guy hard for you at the same time.

SINFUL: Describe yourself in one sentence?

Moka: Punctual, responsible, coordinated, flexible, caring, passionate, intelligent, ambitious, and determined.

SINFUL: Best thing of being a pornstar?

Moka: You have more financial freedoms, you get to explore your personal fetishes in a safe and comfortable environment, you get paid to play, and you never have to do anything you don't want to do.

Moka

SINFUL: Worst thing about being pornstar?

Moka: Enimas, or working for people. Enimas, imodium and waiting to eat till after set can be nauseating. But working for someone could suck if they are in a bad mood, terrible at communicating with you, or just a shady person trying to get the most out of you for less.

SINFUL: Now a tip for the male readers, how does a guy bring up or convince his girl to do a threesome with another girl?

Moka: I don't think it's the guys decision to pick a girl, the decision should be left up to the female partner to pick her own gender of which one should be in the threesome. Same for the guy. If the couple were to do a M/M/W threesome, it's only fare that the male pick the other gender to be working with to get this one girl of. Team work makes the dream work. You want the male to pick the male because you don't know if they will be cool with each other. And if they start fighting, it won't be a great experience. Same for the women getting competitive. Which has happened on set during some B/G/G shoots I have heard.

As for bringing it up, there's no easy way to say you want to have sex with another woman. I think the best and safest way to bring up a threesome would to let the same gender partner bring it up. If the female wants another woman to please, that's great! If the male wants to see his woman pleased by another man, that's perfectly fine! It just means you want to give more to your partner. But let them be the one to think of/bring up the idea. It will make them feel that much more comfortable trying something new, knowing it was their idea and their personal craving.

SINFUL: When did you lose your virginity?

Moka: I was 17 1/2.

SINFUL: What were you like sexually after losing your virginity?

Moka: I wanted to fuck all the time, always horny, and wanted to try new stuff with new people.

SINFUL: How many guys did you sleep with before porn?

Moka: 23 men and 18 women.

SINFUL: Any wild sex stories from your younger days?

Moka: I had an ex that was a scientist like myself. We were both into yoga, and doing acrobatic sex poses. He would tie me up and gag me in the most artistic bondage poses. Which not only bondage rope, but also yoga ropes sometimes. He would make me look at myself in the mirror while he teased me, and fucked me. He would also get pictures of me naked to show me how beautiful I was, and how much I looked like art. He was more of the dominant type. Later I dated a submissive man who allowed me to explore my dominant side to him. Whether it be pet play (walking him around with leash and collar while he's on all fours), tying him up with bondage ropes, using him like furniture, doing all forms of body worship, eat sushi off him while bound, foot fetishes, heel worship and more. He also opened me up to gangbangs and DP's. Our first threesome was with his best friend, which was a lot of fun and made us both more comfortable because we knew him for so long. Which I also got on video to remember our first threesome. Still hoping to be Eiffel Towered some day though!

SINFUL: What's a sexual fantasy you have yet to fulfill?

Moka: I want to be Eiffel Towered some day, have 5 or more guys in a gangbang, tentacle rape (like in hentai), or have sex in fake blood.

SINFUL: Who is one celebrity that you'd love to do an adult scene with?

Moka: Felicia Day, she gives me a nerd boner.

Morad
Mika

Mika Moka

SINFUL: What's your favorite sex position?

Moka: Cowgirl, because I like to be on top and in control.

SINFUL: What gets you horny, what gets you wet?

Moka: The thought of creampie, idea of cum, and passionate sex. I am latin, I love pasión.

SINFUL: What turns you off?

Moka: When people talk too much.

SINFUL: What is the weirdest thing that ever happened to you on set?

Moka: Being hung on a noose while having tomatoes, lettuce, and eggs thrown at me. Being called "Devil Whore" and "Devil Slut". (laughs).

SINFUL: What's the best chemistry you've had on screen, where the guy made you cum hard?

Moka: It wasn't one but four guys. My first gangbang was the one I came the hardest. It was a team effort. Team work makes the dream work.

SINFUL: What's the weirdest or creepiest thing a fan has asked for or asked you to do?

Moka: It's very difficult to creep me out, since I am into creepy things. But I guess I would say, selling my toe nail clippings was kind of odd to me.

SINFUL: One thing fans don't know about you?

Moka: I am studying to become a surgeon. It's a very expensive major with a lot of schooling. Doing this career really helps me pay for school and save money for it. I hope to graduate with no debt, but we shall see if people like my work enough to keep me continuously booked/hired.

SINFUL: A guy is about to cum, where do you want it to land?

Moka: I have a creampie fetish for both my holes. But if it had to land anywhere, I would like it on my pussy, up my back, on my tits, or in my mouth so I can play with it.

SINFUL: Have you ever said no to a movie?

Moka: I don't do daddy/daughter stuff. That's an incestual line I don't like to cross. Children are our future. Don't damage our future.

SINFUL: What does it feel like to have men and women all over the world masturbate over you?

Moka: It feels like I am doing the world a favor. One less sexually frustrated human being because of me.

SINFUL: What in store for you in the future?

Moka: In 4 years tops, I will be graduated debt free, with my doctorate. Working in a hospital saving lives, and helping people.

**Oriental delight Kimberly Chi lives real life like a porn star,
“...my reality is just like my porn”. Her funky hair style and
slamming petite body is just a few of her many desirable features.**

SINFUL: What were you doing prior to the porn industry?

Kimberly: I was working part time as an office assistant on the weekdays in Modesto, CA and I would travel out to Santa Ana as a part time dancer on the weekends.

SINFUL: What attracted you to get into the industry?

Kimberly: The experience of having some great connection with wonderful people and showing the world how I loved to be pleased as much as I love to please others, its really rejuvenating for me to please people's fantasies.

SINFUL: What age did you lose your virginity?

Kimberly: 17 years old.

SINFUL: What were you like growing up?

Kimberly: I was a bit rebellious as I was growing up, but I was always so kind to others, but I would disobey my parents because I would always want to go out on adventures and ride bikes with my friends from dawn to night. I was very athletic. I loved to play all different types of sports. I was point guard during Jr. High. I also loved selling stuff for charities and events, I used to always go to bible study because my mom would make me, but I always would have a great time with everyone there.

SINFUL: Did you watch porn prior to being a pornstar, and what kind of porn was your favorite?

Kimberly: Yes I did! My favorites are orgy, boy girl, lesbian, gay porn, gangbang, smoke fetish, foot fetish and dominatrix.

SINFUL: You're about to shoot your first fuck scene, what was going through your head?

Kimberly: The thoughts that were running through my mind were, "I hope I perform a great scene and I hope I do what I do best, by making sure talent cum naturally. I was a bit nervous and anxious at first, but everybody that was on set made me feel comfortable.

SINFUL: You've done a parody, what was that like?

Kimberly: It was my first time and it was great. I'm glad I got to work with the people on set; it's great to work with people that truly love getting fucked. It makes it much more passionate!

SINFUL: What is it about Asian women that make them so sexy?

Kimberly: There tight little wet pussy's.

SINFUL: You have a lot of tattoos; does that hinder you from work, or benefit you?

Kimberly: It's a bit of both, there are some people that adore them, but there also people that want specific types of character in their films.

SINFUL: Do you ever sit back and watch yourself on screen?

Kimberly: Yes I do sometimes. I just turn myself on while I watch myself please others, its arousing to me.

SINFUL: What's the one scene you've done that you would recommend our readers to watch?

Kimberly: Storage whores, that's the parody that got nominated.

SINFUL: Describe yourself in one sentence?

Kimberly: Young wild and free.

SINFUL: Best thing of being a pornstar?

Kimberly: Getting all the good dee & pussy.

SINFUL: Are you a dominant or submissive person outside the film world?

Kimberly: I'm both. I love to tell someone to obey my commands as much as I love to obey other's commands.

SINFUL: Who is one celebrity that you'd love to do a fuck scene with?

Kimberly: Asa Akira, she's my idol, she's does amazing performances.

SINFUL: What's your favorite sexual position?

Kimberly: Doggy, because it gets my pussy wrapped around the cock really tight. Which gets my pussy dripping cum, and I love the warm sensation of cum dripping down my pussy.

SINFUL: How often do you masturbate?

Kimberly: Too much to count (laughs), I love pleasing myself.

SINFUL: A guy is about to blow his load, where do you want it to land?

Kimberly: My throat, lips, chest, face, and on my tummy.

SINFUL: What gets you horny, what gets you wet?

Kimberly: When a person licks their finger tips and rubs my pussy, and starts fingering my pussy, so my pussy can be nice and moist. So the cock can slip right in my wet pussy.

SINFUL: What are your turn offs?

Kimberly: When a man's dick is soft, or when a girl is not interested in playing with other girls, but they do it for film.

SINFUL: How about a tip for the male readers, how does a guy bring up or convince his girl to do anal?

Kimberly: He just slips it right in (laughs), joking. Well he can start of by asking her if she would

ever do anal, and he can show her nice and slowly if she says yes. He's going to have to get some butt plugs for his girl, so he can get her asshole all ready (smiles).

SINFUL: Now a tip for female readers, what's the best thing you can tell them about a great blowjob?

Kimberly: As long as their mouths are filled with warm drool so they can cover their whole mouth around that cock, so that warm drool drips slowly down the cock while you slurp it all back up with your tongue and mouth. And while your tongue swirls right below his cock from left to right, while you grab his dick with both slippery wet hands, you will get him moaning and groaning for sure. I noticed that the more you pay attention to your man's needs, the more you're have him doing what you need (smiles). It's always great to compromise, because teamwork sure does make the dream work.

When a person licks their finger tips and rubs my pussy, and starts fingering my pussy, so my pussy can be nice and moist. So the cock can slip right in my wet pussy.

Kimberly Chi

SINFUL: What do you have a weakness for?

Kimberly: I have weakness for titties, pussy, dick and asses.

SINFUL: What 3 things can't you live without?

Kimberly: Sex food & shelter.

SINFUL: What is the weirdest thing that ever happened to you on set?

Kimberly: When someone farted.

SINFUL: Is there something you haven't done yet on screen that you'd like to do?

Kimberly: Cook for the person I'm going to fuck.

SINFUL: One thing fans don't know about you?

Kimberly: That my reality is just like my porn.

SINFUL: What's in store for you in future?

Kimberly: My website will be launching in February, in the middle of the summer time. I will be making a mould of either my head or my pussy and ass. I will be having customized T-shirts, jackets, sweaters to sell to my fans.

SINFUL: What's the best way for fans to contact you?

Kimberly: Twitter, Instagram or Facebook... kimberlychi3.
